TO WHOM IT MAY CONCERN:

The undersigned is President of Warwick Shopping Center, Inc., a Virginia corporation, which owns a neighborhood shopping center in Newport News, Virginia, consisting of approximately 150,000 sq. ft. and containing 20 acres, more or less.

One of the tenants is Autobell Car Wash which occupies an out parcel and has been a tenant for approximately two years. Autobell was selected because of its fine reputation as a leader in the car wash business, the company's demonstrated financial strength, and the careful design and attractiveness of the building.

As a tenant, I am very satisfied with Autobell and have no hesitancy in recommending them as a buyer or ground lease tenant to other property owners.

Very truly yours,

Raymond H. Suttle, President

To Whom It May Concern:

Autobell Car Wash has been a tenant on my family's land since 1971. Three generations of Dulin and Howards have successfully done business on our site, most recently between Carl Howard and me. I can think of no other business we would rather have on this piece of property than Autobell.

For well over three decades, Autobell and the Howard family have demonstrated nothing but the utmost integrity, financial strength and longevity.

I am very familiar with the company and highly recommend them as a ground lease tenant or a land buyer for a future Autobell Car Wash. From everything I experience, read, and hear, Autobell continually sets and raises the standards in the car wash industry via their environmental, employment, design, service/product, and community commitments.

Sincerely,

To Whom It May Concern:

After careful deliberation and interest from many potential purchasers, I chose Autobell Car Wash to be an integral part in our development in Piper Glen. Autobell was selected because of the following:

The integrity of Chuck Howard, President, and his son Carl, COO.  
It's position as a respected leader in its industry.  
The company's demonstrated financial strength and longevity.  
The careful design and attractiveness of the building.  
Autobell provides a service that is desired by the residents of Piper Glen.

If the opportunity arises, I will certainly do business with Autobell in the future and would solidly recommend them as a buyer to other property owners.

Sincerely,

Fred J. Caligiuri, Jr.

To Whom It May Concern:

I wanted to write to let it be known how pleased we are to have Autobell Car Wash in our New Garden Crossing shopping center. Autobell not only presents a first-class product and presentation, but they are very easy to deal with.

With a very strong financial base and being a leader in the industry, one should think very strongly about putting in an Autobell. Thanks again and I hope to do more deals in the future.

Sincerely,
